

## History

## Become Part of the Change

### Business Brochure

Rising Above began in 2007 out of a heartfelt compassion for people living in cycles of defeat. We began with one staff member running a program that housed 10 men .

It soon expanded to include a women's residence. We soon began providing services to people from the community who did not need the residential part of the program.

We currently have capacity for 19 men and 15 ladies in the residential program. Our non-resident program serves an additional 200+ people a year.

Rising Above has grown into a valued non-profit organization that is making a difference in our city and surrounding area.

Rising Above is fully reliant on the financial support of the community. Funds are needed to cover operational costs. You are invited to become a financial partner committed to seeing lives changed and people transformed.

Sponsorship opportunities are also available for our annual fundraising events, including a banquet and radio-thon.

From one-time, monthly and annual contributions, all support levels are considered a charitable donation.

## Do You Have Good Employees Who Are Struggling?

You & Rising Above Can Help!

We offer individual help - tailored  
for your employee

Example: Employee attends (some/all) of our Class  
Programs offered at our Park Campus Location

Fee: \$0

Employee comes to Inner Healing Sessions at our Park  
Campus Location (Sponsored by your business)

Fee: \$ 90 Per Session

Group Seminars can be implemented  
at your place of business or at our  
training centre. We want your  
employees to walk away with tools  
that will better prepare them for  
life's many situations.

### “Understanding Series”

**6 Different Sessions:** Addictions, Self-Esteem,  
Anger, Emotions, Shame & Guilt, Interpersonal  
Relationships

Cost Per Session: \$250

Each session is approx. 2.5 hours in length

Rising Above's Business and Community  
Outreach Program is to offer help and hope  
to the Peace Country Area. We believe that  
addictions are a result of underlying and  
unresolved issues which can be addressed.

Instead of allowing an employee to  
struggle on their own, we can partner  
together to promote healthy choices and  
lifestyles, increase knowledge of substance  
abuse, violence, stress and self-esteem.

Our Inner Healing Sessions are a unique  
program that quickly uncovers the root  
issues that addictions or other destructive  
behaviours are trying to mask. Through  
one on one sessions with our facilitators we  
can help reach that unresolved pain and  
trauma and find healing. These sessions are  
available to all people from the community.

Sometimes people need help and do not  
know how to get it. As we partner together  
we can help provide good solid information  
and Healing Sessions. For some people it  
might mean a stay at our In-house  
residential treatment programs. No matter  
what the issues, we believe there is hope,  
healing and life on the other side.

Rising Above Committed to Breaking  
Cycles of Defeat
